API

We have started with indenting and distributing APIs for several pharmaceutical companies. We remain determined, in a key position of Indenting, Importing, Distributing and Exporting, being authorized to mobilize products and services to small yet worthy enterprises apart from reputable large pharmaceutical companies across the globe

We tirelessly offer facilities of complete documentation and technical support from our principals for the registration of products in the importing country, going by the new mandate. Also, our integral service module includes regulatory approval for timely delivery of products, ensuring minimization of procurement expenses for clients, apart from shipment official procedures.

Formulations Medical Consumable & Supplies

Over the years, we have gained extensive knowledge of the international pharmaceutical spectrum and have widened our horizons to reach out to our clients overseas with our numerous generic formulations & surgical products. We enable and facilitate our clients, world-wide, to take advantage of the globally growing prospects and our value-oriented benefits, in the massively open business gamut. Our products are being manufactured at WHO-GMP approved manufacturing facilities under stringent quality controls. Our product list includes all essential drugs in all dosage form.

LIGASURE also supplies large range of medical consumable and supplies from Examination Gloves, to Disposable Syringes & IV SETS, we specialize in cost effective sourcing and just in time deliveries.

We, with a base in Kolkata, India, have ventured into the domain, as Indenters and Distributors of APIs, Formulations & Surgical items for the Pharmaceuticals of Human Healthcare.
